**Shirley Wood, Esthetician to the Hollywood Stars**

Now you too can enjoy the soothing and refreshing rejuvenation experience and have

**"Skin that loves to be touched" by Smooth Fusion."**

"I am certainly recommending the Nutricare Plus Triple Refined Pure Emu oil, the Balance of Nature™ Smooth Fusion™ line of antioxidant serums and antioxidant herbal creams for skincare to all my clients in both Hollywood and throughout the world."

Shirley Wood has spent her life's journey creating softer, firmer, younger looking faces. Ms Wood for 16 years was a staff Esthetician to the Hollywood stars while she was working for Warner Brothers in Burbank, CA consulting with makeup artists and hair stylists. She also was a consultant for prestigious salons in both Beverly Hills and Sherman Oaks, California where she provided esthetic consultation to many famous actors and actresses too numerous to mention.

At age forty Ms Wood opened a rejuvenation clinic in partnership with Dr. Rothschild where she learned the German Methods of maintaining the youthful appearance of skin. Ms Wood now 76 years young at a recent checkup was told by her doctor that she had better skin than most sixty year olds in his care. Since childhood she has been interested in the Traditional Native American methods of skin care. Ms Wood, a Native American, has an organic and natural approach to skin care using only wild grown organic herbs to create her own oils and creams.

I tried the Nutricare Plus Pure Emu oil followed by the Smooth Fusion line; Balance of Nature™ antioxidant serum and creams. After two weeks I was convinced that my skin had turned to satin. The derma layer had actually taken on a softer and smoother texture.

### Robin Ball

"As a professional **Licensed Esthetician and Medical Assistant**, I have used many quality skincare lines over the past seven years. I discovered Triple Refined Emu Oil after seeing it on Oprah and found it to be the most intense moisturizer I have ever used. Then I found Nutricare Plus Triple Refined Pure Emu Oil which is exactly the same Pure Emu Oil "seen on Oprah" but at a fraction of the cost! This moisturizer floods your skin with essential fatty acids and vitamins and leaves your skin feeling extremely moist, soft and youthful. Balance of Nature's other skincare product, an Antioxidant Serum has all the renowned ingredients which have been proven to slow down the aging process, minimize wrinkles and regenerate skin cells. I blend the two products together on my fingertips to make a cocktail moisturizer and my skin looks and feels great! My client's and I love these products! They will keep your skin looking younger without paying enormous prices. I recommend these products to everyone wanting smoother younger looking skin and wrinkle reduction."

## Hair Care - The Natural & Organic Solutions

### Grape Shield "Grape Seed Hot Oil Treatment"

A hot oil treatment relieves brittleness, breakage and split ends. Make sure that your hot oil treatment is applied to the ends of your hair, more than the scalp area. The ends of your hair are what usually need the moisture the most. To prevent the scalp and roots from getting too much oil which can cause the oil to drip down your neck. Try applying .5oz of Grape Seed Oil first and see how your hair absorbs the oil. In-between treatments you can put Grape Seed Oil in your hair every other day when you wash your hair to keep your hair healthy.

### Jojoba's Shield "Organic Jojoba Hot Oil Treatment"

Your hair will stay Beautiful and Healthy until your next Salon visit when you use Jojoba's Shield "Hot Oil Treatment" to moisturize, nourish, protect what makes people notice most about you. Your Hair. Nutricare Plus Organic Jojoba Oil is a pure, cold-pressed, organic treatment for both women and men.

Some of Organic Jojoba Oil's properties have been said to be that it can restore hair. Today we know that hair loss is largely a genetic trait for Women and Men, but if the hair follicle is not properly lubricated the emergence of new hair can be halted, while dry, brittle hair will break off leading to hair loss. A regular scalp massage will ensure clean, open pores for the passage of new hair, and ensure that existing hair remains supple and full bodied. So, in truth it can be said that while it won't cure baldness, Organic Jojoba Oil may help prevent unnecessary hair loss for both Women and Men.

Both are the ultimate natural hair cleanser and conditioner. These hot oil treatment will relieve brittleness, breakage and split ends. Every 2 weeks warm one of our 1 oz bottles in a pan of warm water or microwave just until the oil is lukewarm (test on wrist). Apply the oil to fingertips and massage well into hair, especially the ends. Leave in your hair for 20 minutes, then shampoo it twice, then rinse it out.

## Smooth Fusion Balance of Nature Antioxidant Serum

- Increases skin tone, firmness, younger appearance
- All natural and organic ingredients
- Diminishes fine lines in 30 days; larger wrinkles in 60 days
- Tightens facial and neck skin-less sagging and wrinkles
- Reduces acne scarring, pigmentation on the skin and body
- Most advanced natural anti-wrinkle reducing oil.

By the time we reach age 50, *our skin produces 10 times less oil than when we were 25.*

Lack of oil and depleted moisture lead to dehydration and wrinkling of the skin.

Balance of Nature Antioxidant Serum contains a rich blend of nutrients, plant extracts, vitamins A, C and E. BON Antioxidant Serum restores the optimal balance of vitamins, fatty acids and oils which re-hydrates the skin with a unique regenerative effect. BON Antioxidant Serum reduces fine lines overnight while showing a noticeable difference within 30 minutes.

The problems of “crows feet” and medium size wrinkles will be reduced in appearance in several weeks, deep wrinkles diminish in two to three months after applying this antioxidant serum twice daily. Keep what you do not use daily refrigerated.

## **Multi Omega plus 1000 mg**

Multi-Omega Gel Caps offers a complete balance of Essential Fatty Acids by providing benefits from Emu Oil and Flax Seed Oil. Emu Oil contains all three fatty acids while dominating in Omega 6 and 9 where Flax Seed Oil dominates in Omega 3 and 6.

Multi-Omega will help ease aches and pains, lower cholesterol, raise energy levels, improves insulin sensitivity and counteracts the dreaded Syndrome X (high blood pressure, diabetes, fatigue, cardiovascular disease, weight gain and obesity).

Pure Emu Oil naturally contains Linolenic Acid (Omega 3), Linolenic Acid (Omega 6) and Oleic Acid (Omega 9). These essential fatty acids have proven beneficial in healing. Studies show that Emu Oil has both moisturizing and anti-inflammation properties. The pure Emu Oil by itself has 22 different essential fatty acids in its natural form that includes Omega's 3, 6, & 9.

It is anti-bacterial and hypo-allergenic. Emu Oil is also hyper oxygenated which means it brings the oxygen to the surface of the skin, which is why it works so well for wound care and anti-aging. It also penetrates down through all 7 layers of skin and helps with new cell proliferation.

Flaxseed Oil is rich in Omega 3 essential fatty acids, magnesium, potassium, and fiber. Flaxseed Oil is also a good source of B vitamins, protein, and zinc. Several studies have shown that emu oil can reduce pain, inflammation, and swelling of arthritis. Emu oil has also been found to lower cholesterol and triglyceride levels, and to help reduce the hardening effects of cholesterol on cell membranes.
